# EVENING BULLETIN

3:30 O'CLOCK THE BULLETIN ADVERTISES EVERY IMPORTANT STORE EDITION

Newspaper Advertising gives the quickest response to the merchant. The buying for the household is done mainly by the women, and has become systematic. They read the Evening Bulletin after dinner and lay their plans for the next day's purchases. More and more do merchants realize that the leverage for the quick movement of their trade is furnished by this evening newspaper.

### Judge Wilfley Denies Charges Made By Andrews

L. R. Wilfley, judge of the United States Court at Shanghai, the man who has achieved considerable notoriety on account of his action in allowing the Manchurian case to be heard in the United States Court at Shanghai, has arrived in town this morning on the Manchuria on his way to Honolulu.

Judge Wilfley declines to discuss the matter of his troubles with Andrews. "That is a matter of court record," he said this morning, "and I do not care to be quoted in reference to it." However, the judge did make some statements concerning the status of the former Attorney General of Hawaii.

Judge Wilfley denies that the Andrews matter is what is taking him to the States. "My object in coming to Honolulu," he said, "is to try to get Congress to extend a code of laws to Americans in China. We have been living under the old common law, but this has become inadequate, and we need a better code. It has been proposed to have the California code adopted as best suited to conditions in China, and I think possibly this will be done."

"Another matter which is taking me to the Capitol is to try to get Congress to make appropriation for a federal building at Shanghai for the United States Court. At present we are holding court in the old consular building, which is very much unsuited for the purpose, and we need a new building."

"I do not care to discuss my troubles with Mr. Andrews. That is a matter of court record and I do not think I ought to say anything about it."

Upon being pressed as to the charges that have been made against him of unfairness toward certain Manchurian lawyers in Shanghai, Judge Wilfley denied that there had been any unfairness. "Some of them," he said, "were disbarred or not permitted to practice in my court either on account of moral turpitude or because they failed to pass the examination which I gave. As to Mr. Andrews, he took the examination and failed to pass, somewhat to my surprise. Later on he was admitted, but in now disbarred."

"The thing on account of my moral turpitude," the judge was asked.

"Well, there are charges pending against Mr. Andrews in the United States Court of Appeals at Washington, and for that reason he is not allowed to practice in my court."

"Are those charges personal charges preferred by you?"

"No, Mr. Andrews is charged with having filed false affidavits in a case and making false charges against certain court officers." Although the judge did not say so, it is understood that the court officers referred to are the judge himself.

"There are now five American lawyers admitted to practice in the United States Court at Shanghai. Two took the examination and passed just before I left there," continued the judge. Those who can now practice are W. B. Fleming, R. A. Doughty, R. A. Frost, W. Hearn and Mr. Hinkley.

"Positively," concluded Judge Wilfley, "the Andrews matter has nothing to do with my trip to the States."

Lorin Andrews is in Honolulu now also, and it is possible that both he and Judge Wilfley will be passengers on the Manchuria tomorrow for the Coast.

The following appears in the Cable News-American of November 23: Shanghai, Nov. 23.—Intense feeling has been aroused in Shanghai by the alleged actions of Judge Wilfley of the United States Court for China. He has attacked one of the oldest, most sacred and best recognized privileges of the English press of this city, by the De Meuld case Judge Wilfley ordered the Shanghai Mercury, a British daily, to testify as to its sources of information. It is an open and well-grounded right of the press here that it cannot be compelled to divulge the names of those who give it information, and the British courts have always acceded to this. The editor of the Mercury refuses to obey the mandate of Judge Wilfley. The actions of Wilfley have created bad feeling between British and Americans, and the British colony is anxious that Wilfley be removed.

### J. O. CARTER ENJOYS HIS 72ND BIRTHDAY

J. O. Carter is today receiving congratulations on having reached the age of 72 years. There are few men of the town who bear their advancing years so comfortably and grow old so nicely as Mr. Carter. During recent months he has suffered from eye trouble that at one time bid fair to be very serious, but this has apparently been overcome and following his return from a trip to the Coast Mr. Carter has been at his accustomed post with the usual regularity.

It has been a matter of general comment that J. O. Carter is one of the men of the city who ever grows old. He has steadily attended to business duties for a good share of the 72 years, having started early and taken few vacations. His commanding position in the business community has given him many responsibilities which he has always carried in a most upright and conservative manner.

### RE TOOK MONEY

(Special Bulletin Wireless)  
HONO, Hawaii, Dec. 20.—Wataro Juro, employed in a general merchandise store, was arrested today on complaint of K. Kubo, the proprietor. He is charged with embezzlement, the total defalcation amounting to nearly a thousand dollars and extending over a period of several months.

### BREAKING THE LAWS

President Pinkham in his statement to the Board of Health this afternoon submitted the legal opinion of the Attorney General on various features of the Wallace committee demands. He also presented the series of questions already published by the Bulletin, which were presented to the people of Molokai. Pinkham says the record shows there has been a general refusal to obey the laws and the committees have been powerless to prevent it.

Hall & Son will be open this evening and during the Christmas season.

### DEDICATED BY PUPILS OF KALIHIWAENA

Christmas Exercises Are Well Attended By Parents

NEW SCHOOLHOUSE IS GREAT IMPROVEMENT

Mott-Smith and Superintendent Babbitt Congratulate the Teachers and Pupils—Program of Day

Parents and school children of the Kalihi district enjoyed a splendid program at the new Kalihi-waena schoolhouse this morning. Although this is the closing day of the term, the special exercises were in honor of the opening of the new schoolhouse which Kalihi has needed so long.

The new schoolhouse is beautifully located on a large lot which gives ample scope for work and play. The building is attractive inside and out. The grounds are fast being cleared of rocks and trees and will soon be the equal of any school grounds in the city. The old wooden schoolhouse has been moved to one corner of the lot and will be used for a manual training headquarters.

The parents of the school children were out in force, filling the assembly hall to overflowing. Among the invited guests present were Mrs. Frear, Acting Governor and Mrs. Mott-Smith, Superintendent and Mrs. Babbitt, former Representative Mahelona and Nakuina.

An extended program had been prepared by the teachers and pupils and it was carried out with a perfection that spoke volumes for the hard work of teachers and children. The audience was very liberal in its applause and the enthusiasm was doubtless an ample reward for the training and labor of costuming involved.

After the programmed exercises Acting Governor Mott-Smith and Superintendent of Public Instruction Babbitt made congratulatory remarks, complimenting Mrs. Taggart, the principal, and teachers and pupils. During the noon hour the Hawaiian band rendered a program that was especially enjoyed by the children.

The program and those who took part follows:

Song—Praise and Thanksgiving ..... Rooms 8 and 9  
Song—Hail! All Hail! ..... Rooms 8 and 9  
Recitation—Christmas-tide ..... (Continued on Page 2)

### Kilauea Fires Up

(Special Bulletin Wireless)  
HONO, Hawaii, Dec. 20.—A long earthquake shock was felt on this island about 8:50 last evening. It was not sharp. Houses on the shore were shaken, but no damage was done. The Volcano House reports that it did not feel a shock but Kilauea is a very active with plenty of fire in the pit.

Honolulu reports the shock sharp about the middle of the period. Laupahoehoe reports a heavy shock but no damage.

### QUIET AT TEHERAN

TEHERAN, Persia, Dec. 20.—A new Cabinet has been formed and quiet prevails.

### BIERGE WINS POINT IN FAMOUS CASE

Another opinion has been rendered in the famous Bierge-Hutchins case. The Supreme Court of the United States except upon constitutional grounds. But Justice McKenna of the United States Supreme Court made a special ruling, allowing the case to be carried up. On March 3, 1907, Congress amended the Organic Act, so as to allow of appeals from the Supreme Court of the Territory in cases involving more than the sum or value of \$5000.

The case went to the Supreme Court of the United States upon one exception of the defendant. He had filed a number of exceptions, but only one of these was passed upon by the Territorial Supreme Court.

This case is the one which was the direct cause of the Organic Act being amended. It was commenced in 1902. After going through the various Territorial courts, the Supreme Court finally decided in favor of the defendant. At that time there was no appeal to the Supreme Court of the United States except upon constitutional grounds. But Justice McKenna of the United States Supreme Court made a special ruling, allowing the case to be carried up. On March 3, 1907, Congress amended the Organic Act, so as to allow of appeals from the Supreme Court of the Territory in cases involving more than the sum or value of \$5000.
